## Phyto CZ, s.r.o.

is a trading and manufacturing company focused on researching traditional Chinese herbal remedies and providing educational activities in the healthy lifestyle field. Phyto CZ, s.r.o. is a joint owner of Phyto True™ technology, which can identify the authenticity, effectiveness and safety of traditional Chinese herbal preparations.

## Company goal:

As joint owners of American company, Phyto True LLC, in Woodbine, USA, together with Albert Y Leung, we have a shared long-term goal, that being to find a way to implement quality standards in traditional Chinese herbal preparations (so-called PTRM™ – Phyto True reference materials) for medicines and quality standards on the market. Legislative developments mean we are interested in having PhytoChi® herbal tonic listed as a traditional herbal medicinal product with a health affirmation.
